REASONS FOR ALLOWANCE

Applicant's amendments filed May 24, 2004 have been entered.

The following is an examiner's statement of reasons for allowance:

Applicant's arguments filed May 24, 2004 averring the lack of reasonable expectation of success have been considered, and are found persuasive. The cited prior arts indeed fail to teach a method of treating stuttering by employing any GABA receptor modulators. Therefore, the reasonable expectation of success is absent. In view of the response filed May 24, 2004, Examiner is convinced that the cited prior arts do not teach or fairly suggest the herein claimed method of treating stuttering.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claim 34 is allowed.
